## **Tradition and Future**

August 19-22, 2007, Gothenburg, Sweden

Move & Walk.

**Move & Walk.**

INTERNATIONAL  
PETŐ ASSOCIATION

## INVITATION

### **6th World Congress on Conductive Education “Tradition and Future”**

August 19-22, 2007, Gothenburg, Sweden

**First Announcement and Call for Papers**

# Invitation to the 6th World Congress on Conductive Education, “Tradition and Future” August 19-22, 2007, Gothenburg, Sweden

**Dear Friends and Colleagues,**

I think the time has arrived to open an imaginary door, which can be entered from both directions.

As we all learned, from those who taught us, we all become enriched by exchanging thoughts, ideas with others.

The series of World Congresses in our young profession was launched in 1990 in Budapest, Hungary. It is now a great honour for Move & Walk AB to host the 6th World Congress on Conductive Education in co-operation with the International Pető Association.

The aim of the Congress is to give the possibility for everyone to learn from each other, to exchange ideas, to share recent developments in different areas concerning physical disability and Conductive Education

Conductors, educators, members of medical and rehabilitation professions, challenged individuals and family members who are open to new ideas and ready to exchange experiences are welcome.

January 2006, Gothenburg

**Eszter Horváth Tóthné**  
President of the Congress
